

**FAHRENHEIT - CENTIGRADE
TEMPERATURE CONVERSION CHART**

The number in **bold face type** in the center column is the temperature, either in Centigrade or Fahrenheit, which is to be converted to the other scale.

If converting Fahrenheit to Centigrade, the equivalent temperature will be found in the left column. If converting Centigrade to Fahrenheit, the equivalent temperature will be found in the column on the right.

Cent.	C or F	Far.
