

VESTA™

INTRODUCING THE VESTA SPACE-SAVING DISHWASHER

Westland Sales introduces the **VESTA DWV303B**, America's first high-quality, space-saving dishwasher designed to be built-in to a cabinet or placed on a kitchen counter. VESTA'S new dishwasher saves space, weight and resources while washing dishes cleaner and safer than if they were washed by hand.

DWV303B shown with Trim Kit #DWVTKBL

Designed for Boaters

Roomy enough to clean four, 4-piece place settings
Stylish, contoured door and see-through window
Corrosion resistant painted metal case
3 convenient, wash programs (Normal, Short, Rinse Only)
2 temperature options ("Sani" and "Econo")
"Econo" = normal incoming water temp/convection dry
"Sani" = heats to a germ-killing, 151°F (66°C) temp.
Adjustable, automatic rinse agent dispenser
Heavy-duty stainless steel interior and spray arm
Safety interlock door mechanism
Double-overflow control device
Super-quiet operation

The DWV303B offers a variety of galley placement options. The dishwasher can be installed on a counter or below a cooktop with room to spare for valuable cabinet space.

Choose Your Installation

VESTA Custom Trim Kit #DWVTKBL and Vesta Hose Kit #DWVBIHK: These UL/CSA approved Trim and Hose Kits include everything needed for a clean and polished built-in installation.

VESTA Countertop Hose Kit #DWVCTHK: This convenient, Countertop Hose Kit connects the dishwasher directly to a kitchen sink. Includes a Quick-Connect Faucet Adapter compatible with both male and female connections.
